Quality Time with Dad!

The best part about Spanish Champs is my daughter's excitement. Now that we've been doing Spanish Champs, Isabel lights up when we read a book in Spanish. We listen to the Spanish Champs CD nearly every day (per Isabel's request) and Isabel regularly asks to watch the DVD.

Speaking Spanish w/ Teacher

Spanish Champs has provided us with the resources to incorporate Spanish into our everyday lives in easy and fun ways. Our four year old loves the music and DVD and often sings the songs as she goes about her day. I highly recommend this program for all families who want to give their children the gift of a second language. Amylee Holler Udell
